EXAMINER'S AMENDMENT

Receipt is acknowledged of an amendment, filed 7/17/03 in response to the Final action mailed 4/18/03 (Paper No. 9), in which claims were cancelled (claims 31-32) and in which claims were amended (claims 30, 33, 35, 38, 40). The after-final amendment has been entered. The following amendment is required in order to alleviate issues raised by the amendment under 35 U.S.C. 112 2nd paragraph.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Leonard Mitchard on 10/28/03. The following amendment is made without prejudice to filing claims directed to cancelled subject matter in other applications.

The claims have been amended as follows:

Claim 30. (currently amended) An isolated and purified polynucleotide [selected from the group] consisting of SEQ ID NO: 4, wherein the polynucleotide is operative as a promoter to express a nucleic acid molecule encoding a polypeptide when operably linked to said nucleic acid molecule.

Claims 33, 35-42, 44 and 54 have been cancelled.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: the prior art does not teach or suggest an isolated and purified polynucleotide consisting of SEQ ID NO: 4 that is operative as a promoter sequence. Applicant's amendment has obviated the outstanding grounds of rejection.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Claims 30, 34, 43 and 45-53 are allowed (now claims 1-12).
